

## Morality&Taste

Here in Florida  
some legislators  
have gone bananas

over kids who wear  
their pants low and  
display underwear.

At least one bill in-  
troduced. "Indecency"

though, involves skin, no?  
These kids are covered. Well...

everybody should take mod-  
est care, especially ladies  
with their nipples. We

males can flaunt ours almost  
everywhere. Taste inter-

rupts, though. Even more  
so with Chubs like me, of-

fending most all  
fashion modes  
in this particular.
